FULLY OPEN

Look a little closer

NEMO's copper-green building rises beside the eastern docks. Inside, interactive exhibits invite visitors to test ideas rather than only read explanations. Give an experiment enough time to surprise you, and share equipment with others. The museum visit and any separately accessible outdoor areas have different arrangements; check the current program and opening information.

Something to notice

Make a prediction before trying an exhibit. What changed when you tested it?

A little consideration

Follow visitor and photography rules, leave objects and historic surfaces untouched, and give other people room.
