Look a little closer

The National Archaeological Museum offers a broader view of ancient Greek cultures than one monument or period. Sculpture, vessels and smaller objects ask different kinds of questions. Choose a few rooms and look at use, material and context before moving on. Check current opening arrangements and gallery availability rather than assuming every collection is accessible on the same day.

Something to notice

Choose an everyday object beside a ceremonial one. What different kinds of lives do they suggest?

A little consideration

Follow visitor and photography rules, leave objects and historic surfaces untouched, and give other people room.
