Look a little closer

Sant Pau's former hospital complex gives healthcare an architectural setting of brick, ceramics and gardens. Domènech i Montaner arranged separate pavilions rather than one continuous block. On the visitor route, compare decorative details with the spaces between buildings. This is the historic Art Nouveau site; the modern hospital is a separate destination.

Something to notice

Notice how a window, a garden and a ceramic detail change the feeling of a place of care.

A little consideration

Follow visitor and photography rules, leave objects and historic surfaces untouched, and give other people room.

YOUR DAY

Leave a little room

A detail, a feeling, a place to return to...
