Look a little closer

La Boqueria is a working food market beside La Rambla. The entrance leads into aisles of produce, specialist counters and places to eat. Look beyond the busiest front stalls and notice what regular customers are buying. A thoughtful visit leaves room for shopping, deliveries and conversation without turning traders into a spectacle.

Something to notice

Choose one seasonal ingredient. Ask about it when a stall is quiet, and buy before occupying a counter.

A little consideration

Follow visitor and photography rules, leave objects and historic surfaces untouched, and give other people room.
