Look a little closer

Tivoli brings planting, rides, buildings and performance spaces into a carefully staged urban garden. Its atmosphere changes with the season and time of day. Plan around the official operating calendar: the gardens are not continuously open throughout the year. Admission, rides, performances and dining can require separate tickets or purchases.

Something to notice

Notice how a path reveals the next scene. Which detail changes most as daylight fades?

A little consideration

Follow visitor and photography rules, leave objects and historic surfaces untouched, and give other people room.
