Look a little closer

The Glyptotek places ancient and more recent art within richly varied rooms around a winter garden. Sculpture rewards movement, so look from more than one permitted viewpoint. The building's light and planting change the pace between collections. Check the current exhibition and admission arrangements; individual galleries can have different availability.

Something to notice

Compare the surface of a sculpture with the living shapes in the winter garden.

A little consideration

Follow visitor and photography rules, leave objects and historic surfaces untouched, and give other people room.
