Look a little closer

Ryoan-ji's dry landscape garden places rocks and moss within a bounded field of pale gravel. Take time on the viewing veranda, then explore the permitted grounds to experience the temple beyond its most familiar garden image.

Something to notice

Look at the changing relationships between the rock groups from different places on the veranda.

A little consideration

Keep voices low and never enter the gravel garden.

YOUR DAY

Leave a little room

A detail, a feeling, a place to return to...
