Look a little closer

Museo Larco introduces the material cultures of ancient Peru through objects whose forms, techniques and uses invite close observation. Choose a few pieces and read their cultural context instead of treating the collection as a single uninterrupted civilization.

Something to notice

Compare two objects made from different materials and consider what each material allows its maker to do.

A little consideration

Follow visitor and photography rules, leave objects and historic surfaces untouched, and give other people room.

YOUR DAY

Leave a little room

A detail, a feeling, a place to return to...
