Look a little closer

Lisbon's Oceanarium places marine life at the center of a visit to Parque das Nações. The large central aquarium encourages you to follow movement rather than rush between individual animals. Read the interpretation for connections between habitats and human choices. Exhibitions, timed entry and other experiences may have different booking arrangements.

Something to notice

Watch one animal move before reading its name. Notice how its shape relates to the space it uses.

A little consideration

Follow visitor and photography rules, leave objects and historic surfaces untouched, and give other people room.
