Look a little closer

The British Museum brings objects from many cultures and periods into a large public museum. The Great Court gives the building a bright shared center. Choose a small set of galleries, and read labels critically as well as closely, considering how objects came to be here.

Something to notice

Look at one object's material and maker. Notice what its label explains and which questions remain open.

A little consideration

Respect barriers and photography rules. Keep voices low, leave displays untouched and give other visitors room to look.

YOUR DAY
