Look a little closer

Greenwich offers a wider view of London’s maritime and scientific history beside the Thames. Museums, the old naval college and the park make different visits. Begin around the riverside and choose the attraction that interests you, checking individual admissions rather than assuming one ticket covers everything.

Something to notice

Notice the symmetry of the riverside buildings. Look for a detail connecting the neighborhood to ships, time or navigation.

A little consideration

Respect barriers and historic surfaces. Leave stonework untouched and follow visitor and photography rules.
