Look a little closer

Borough Market gathers food producers and traders beneath covered structures near London Bridge. Explore before choosing what to eat, and leave space for people doing their regular shopping. The market's architecture and railway setting are part of the experience alongside the produce and prepared food.

Something to notice

Find one ingredient you have not cooked with. Ask a trader about it when the counter is quiet.

A little consideration

Keep aisles and doorways clear. Ask before photographing people, confirm prices before ordering and respect regular shoppers.
