Look a little closer

Hyde Park brings open space and established trees into central London. The Serpentine gives a walk a clear line without turning it into a fixed itinerary. Choose a path suited to your day and enjoy the mix of everyday recreation, water and quieter corners.

Something to notice

Look at the same stretch of water from two points. Notice a changing reflection or the shape of a tree.

A little consideration

Stay on permitted paths, leave plants and wildlife undisturbed and take litter with you. Keep shared paths clear.

YOUR DAY

Leave a little room

A detail, a feeling, a place to return to...
