Look a little closer

The Prado brings a major painting collection into a building beside Madrid's leafy cultural boulevard. Choose a few artists or rooms and give individual works time. A slower route makes it easier to notice the relationship between technique, subject and the people represented in the paintings.

Something to notice

Compare two ways of painting light. Notice a small gesture that changes your reading of a scene.

A little consideration

Respect barriers and photography rules. Keep voices low, leave displays untouched and give other visitors room to look.

YOUR DAY
