## Look a little closer

Parque General San Martín brings tree-lined avenues, ornamental features and a lake to the western side of Mendoza. Its historic entrance gates and landscaped walks make an easy introduction to the park; choose a small sector rather than treating the entire park as one short walk.

## Something to notice

Visitor facilities and activities inside the park can have separate hours. Do not assume the former zoo is open.

## A little consideration

Stay on public paths, leave plants undisturbed and take litter away.
