## Look a little closer

The Galleria links Piazza del Duomo and Piazza della Scala through covered arms that meet beneath a high central dome. Its floors and façades were designed as part of the passage, alongside the shops and cafés that give it a changing daily life.

## Something to notice

Look down one arm from the central crossing and notice how the roof carries light into the passage.

## A little consideration

Stay on public routes, leave entrances clear and respect residents, staff and other visitors.
