Look a little closer

Parco Sempione connects familiar Milanese landmarks through lawns, winding paths and stands of mature trees. A walk can focus on the landscape itself: changes of view, shaded corners and open ground explain how the park was designed to unfold on foot.

Something to notice

Compare the straight view towards a landmark with a curved path that briefly hides it.

A little consideration

Stay on public routes, leave entrances clear and respect residents, staff and other visitors.

YOUR DAY
