Look a little closer

Castle Hill rises between Vieux-Nice and Port Lympia. The name recalls fortifications, while the present site is a park of paths, terraces and archaeological traces rather than an intact castle. Different approaches involve steps, slopes or an elevator when it is operating.

Something to notice

Compare the public view towards the Baie des Anges with the harbor side if both are accessible on your visit.

A little consideration

Stay on public routes, leave entrances clear and respect residents, staff and other visitors.
