Look a little closer

The Arc de Triomphe stands at the center of radiating avenues, with sculpted surfaces and a memorial beneath the arch. The rooftop is a separate ticketed visit. Approach through the pedestrian passage and give the Tomb of the Unknown Soldier and its flame respectful space.

Something to notice

Compare the scale of the arch with one carved detail. Notice how the avenues draw lines away from the monument.

A little consideration

Respect barriers and historic surfaces. Leave stonework untouched and follow visitor and photography rules.
