Look a little closer

The Colosseum's surviving arches make the scale of Rome's ancient amphitheatre visible from outside. Inside, the arena and circulation spaces reveal a building made for large crowds. Different tickets cover different areas; choose the visit you want and follow the booked entrance instructions.

Something to notice

Compare an intact arch with a broken edge. Notice how the surviving structure helps you imagine movement through the building.

A little consideration

Respect barriers and historic surfaces. Leave stonework untouched and follow visitor and photography rules.

YOUR DAY

Leave a little room

A detail, a feeling, a place to return to...
