Look a little closer

St Peter's Basilica stands within Vatican City at the end of Bernini's great colonnaded square. The interior's scale can be overwhelming, so start with a few details. Basilica entry, the dome and other experiences have different access rules, and worship can change visitor arrangements.

Something to notice

Look from the square toward the dome, then choose one quiet interior detail. Leave time for stillness.

A little consideration

Respect worship and dress requirements. Keep voices low, follow photography rules and give services and personal remembrance priority.
