Look a little closer

N Seoul Tower places the city in a wider setting of hills, river and dense neighborhoods. Use the outdoor surroundings to orient yourself before deciding whether to enter the paid observatory. A clear day and an evening visit offer different experiences, while weather can change both visibility and operations.

Something to notice

Find a hill or river bend, then trace the streets that lead toward it.

A little consideration

Follow the current Namsan shuttle or cable-car instructions; tower admission does not include transport.
