Look a little closer

The Cable Car Museum is part of a working powerhouse, where San Francisco's transport heritage remains connected to operating machinery. Historic cars and displays explain a system that is easier to appreciate when its hidden movement becomes visible.

Something to notice

Watch one moving component from the public viewing area. Imagine the street it serves above.

A little consideration

Follow visitor and photography rules, leave objects and historic surfaces untouched, and give other people room.

YOUR DAY

Leave a little room

A detail, a feeling, a place to return to...
