Look a little closer

Museo Egizio brings collections from ancient Egypt into Torino's historic center. A visit rewards attention to ordinary objects as well as monumental pieces. Look at the materials, inscriptions and museum interpretation, considering how each object connects to the lives of the people who used it.

Something to notice

Choose an everyday object rather than only a grand statue. Notice what its size and material suggest about its use.

A little consideration

Respect barriers and photography rules. Keep voices low, leave displays untouched and give other visitors room to look.
