Look a little closer

The McCord Stewart Museum offers ways to explore Montréal and wider social histories through collections and exhibitions. Clothing, photographs and everyday objects can reveal choices that a broad historical summary misses. Choose a small group of exhibits and compare the voices represented.

Something to notice

Choose an ordinary object. Imagine what a future museum might learn from a similar object used today.

A little consideration

Follow visitor and photography rules, leave objects and historic surfaces untouched, and give other people room.
