Look a little closer

Yamashita Park gives the city a long green edge beside the harbor. Walk along the waterfront, pause by the planting and look across the water; the moored Hikawa Maru is a separate museum visit, not part of the free park admission.

Something to notice

The route from the station follows the approach to Hikawa Maru inside the park; boarding the ship requires a separate ticket.

A little consideration

Keep away from the water edge and respect planted areas and event boundaries.
