FULLY OPEN

Look a little closer

Hikawa Maru lets visitors step aboard a preserved passenger ship and see spaces associated with travel at sea. The ship is a separate paid museum experience beside Yamashita Park, with narrow routes and stairs that differ from an ordinary building.

Something to notice

The interior is not barrier-free. Boarding conditions can vary with the tide; ask staff about access before buying a ticket.

A little consideration

Follow the onboard route, hold handrails and respect closed spaces.
